or Tillamook Room 7201 WJC West

Folks:

Let's continue our discussion of the tribal considerations when a state assumes the 404 permit program (draft paper attached again). The current rule schedule calls for the next options selection to occur in late January, so we'll want to keep moving forward.

This time we'll start with options for **tribal consultation**, as we didn't get to it at our last meeting. If time, we'll continue discussing options for tribes to comment on state-issued permits.

We'll go back to discussing how to handle changes in a tribe's 404 program (especially changes in geographic area) at a later time, and I'll look for some times to meet.

Thanks for your help and perseverance as we work through these issues.

Ruth
